PROIAQ-AZ

In-Duct Air Purification System

The **ProIAQ-AZ In-Duct Purification System** is powered by a Natural Catalytic Converter Innovation (NC2I) process. **The ProIAQ-AZ** works around the clock to transform ambient air and humidity into safe, trace levels of hydrogen peroxide. This process continuously reduces certain viruses, bacteria, mold, and odors, in the air and on all surfaces.

Independent lab testing has shown that our NC2I technology substantially reduces bacterial and viral pathogens, including:

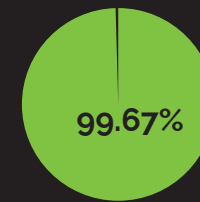

- SARS-CoV-2
- Pseudomonas Aeruginosa
- Candida Auris (Fungi)
- Listeria

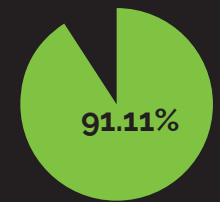

• MRSA

- HIN1 Influenza
- MS2 Bacteriophage

• E. Coli

- Clostridium Difficile Colitis (Spores)

FEATURES/BENEFITS

Whole-Home HVAC Integration

Installs directly in horizontal, upflow, or downflow systems to purify your home.

Multi-Spectrum UV Light

Removes odors, VOCs and airborne contaminants and generates safe, low level hydrogen peroxide.

Low-Maintenance with Smart Reminder

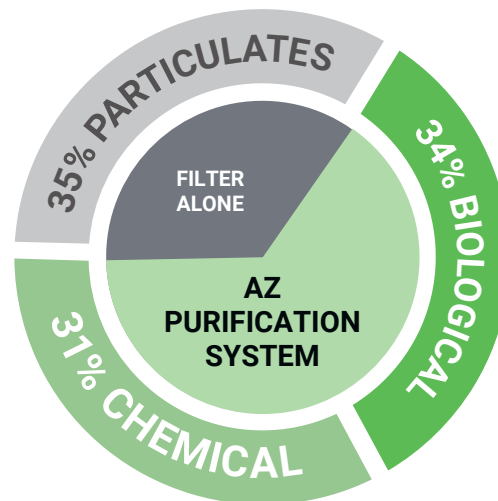

Long-life lamp (2 years) with a clear light indicator.

CLEANER AIR BEYOND FILTRATION

Standard filters capture only particulates (about 35% of indoor contaminants). Our **AZ Purification System** also tackles the other two-thirds:

- **Biological:** Bacteria, viruses, mold, allergens (34%)
- **Chemical:** Odors & VOCs from smoke, pets, cooking, carpets, cleaning products, fuels (31%)

With the **ProIAQ-AZ In-Duct Purification System** (commercial grade), you get consistent results with trusted technology, lab-tested pathogen reduction and disinfection.

AZ Purification System Helps Neutralize Mold, Bacteria, Viruses, and Allergens
