

HYBRID

ProIAQ

PROIAQ-TUBEHY2

GENERATES HYDROGEN PEROXIDE + COIL IRRADIATION

Revolutionary PROIAQ HYBRID System that combines two technologies in ONE!

The coil mounted UV Light system works around the clock transforming ambient air and humidity into safe, trace levels of hydrogen peroxide, all while irradiating the HVAC coil for 24/7.

FEATURES

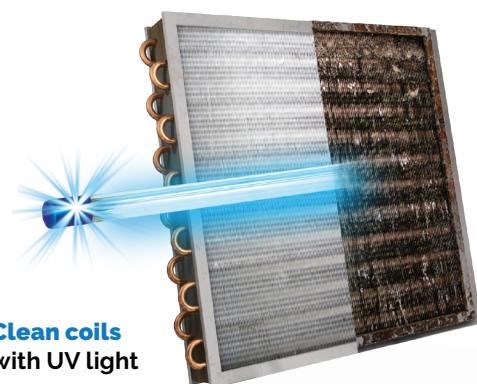

- 2-year UVV lamp with **Hydrogen Peroxide and Coil Irradiation**
- **Power Supply auto-sensing 24 VAC**
- **Magnetic U-Bracket design** is compact and balanced for more mounting options
- **Continuously treats the HVAC system** (combines two proven air purification technologies working together to deliver fresher, cleaner air)
- **Indicator light for ballast operation:** Blue light indicates the lamp is operating correctly; Red Light indicates lamp is out, No light indicates there is no power
- **Lifetime Warranty** with 2 year UVV lamp

REDUCES MOLD, BACTERIA, VIRUSES, AND ALLERGENS

CLEANS THE COIL AND DRAIN PAN

Helps keep the HVAC system running efficiently and extend its life.

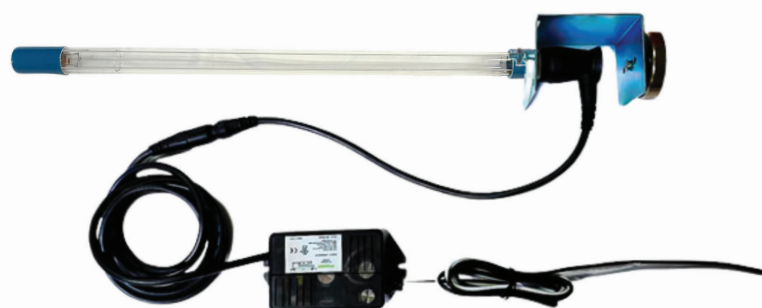

Clean coils with UV light

Moldy coils without UV light

PROIAQ-TUBEHY2 UV Specs

Dimensions	Power Supply: 4.25" x 2.3"; Lamp: 14"	
Electrical	Low Voltage (18-32V) 68 amps, 16VA	
Kit Includes	Power Supply, 6' Lamp Cable, 2 Year Lamp, Magnetic "U" Bracket, Mounting Hardware, Panel Indicator, Installation Sticker	
Warranty	Lifetime for all parts except lamp. Lamp has 2 year warranty.
